

A squad of 9 swimmers made their way to the newly named HBF Stadium to compete in this year's Stadium Snappers LiveLighter Club Challenge Series Event on Sunday 14<sup>th</sup> September. The event attracted 117 swimmers from 11 clubs and produced 6 individual state records and 5 relay records for the day. The most repeated comment for the day was how the number of participants had dropped and the event lacked the atmosphere and energy of previous years. This is one of the issues on the agenda to be discussed at the club captains meeting on Saturday 20<sup>th</sup>.

As for the meet, we finished a respectable fifth with 86 points. There were many notable swims for the day, resulting in 2 swimmers recording personal bests – Rowy Burch in the 200IM and Hans Vosbergen in the 100m Breaststroke, please see the website for names and details. The girl's 160-199 Age group relay team for the 4 x 50M Women's Medley comprising of Gill, Heather C, Rowy and Heather A and the boy's 230-239 Age group for the 4 x 50M Men's Medley made up off Chris, Chas, Jeff and Colin both set club records.

A special mention to Jenny Millard and President Ross for doing the club's timekeeping duties, thank you.

A good effort on the day and big thank you to everyone who came along and swam for the Mighty Pelicans!..

Cap'n Col.
