CAPTAINS REPORT AMSC 2021 Club Championships Round 9 – 6 November 2021

This was the final round of the 2021 Club Championships. Whilst the Men's competition was all but decided before a toe even entered the water, the tussle for top spot in the Women's competition was tight. A certain gentleman was again observed to be swimming breaststroke... perhaps he was feeling unwell, or perhaps he has hatched a cunning master plan for the 2022 competition?

For those who don't know, the Club Championships is not about being the fastest swimmer in the club – or even your age group. Points are awarded based on how well you swam that day in comparison to your previous times (both personal best and previous year) for that stroke and distance. It is a friendly competition rewarding consistency, effort and having a go.

Two events were on offer – 100m and 100m choice, providing each was a different stroke.

Congratulations to Shaun Williams with two club records in the 100m freestyle and 100m fly.

Top point scorers were... now if I told you, that would rather ruin the surprise at presentation night!

Who will reign supreme and lift the trophy at presentation night? Stay tuned...

Stadium Masters LiveLighter Club Challenge HBF Stadium – 24 October

Five swimmers represented team Armadale at Stadium Masters LiveLighter Club Challenge (LLCC, held at HBF Stadium. The LLCC carnivals happen several times a year, hosted by different clubs. They are open to any Masters swimmer and offer a variety of events from 25m sprints to 200m in all strokes and in both long course (50m) and short course (25m) format. Stadium offered 200m, 100m and 50m events in all strokes, plus a 200m individual medley and men's and women's 4x50m freestyle relays. Swimmers can choose up to three individual events, and will be seeded in heats based on their nominated time. This means they swim against people of similar speed to them, regardless of gender and age group. Results, however, are based on 5 year age groups for both males and females.

Sarah Carr, Charles Croft, Gillian Caruso, Colin Gibson and Alex Holt all swam individual events. Unfortunately, we didn't have enough members competing to field a relay team.

Congratulations to Sarah who achieved three club records (two of which she already held) and three personal bests in her 200m backstroke, 100m freestyle and 50 breaststroke (F35-39). Congratulations also to Charles Croft who broke his own club record in the 50m breaststroke (M70-74).

It was wonderful to have Lexie and husband Peter come up to support our swimmers from the stands, even though she didn't swim herself.

Armadale Masters have a Pool Competition trophy for members competing at carnivals such as LLCC and State Championships. Points are awarded based on the swimmer's position in their age group at the competition.

In the Women's competition, Sarah is leading on 46 points followed by Tegan Engler and Gillian tied for second on 11 points. Alex is third on 8 points – and that's it for the girls.

In the Men's competition, Charles is leading on 76 points, followed by Colin Gibson on 57 points with Hans Vosbergen in third on 10. Daniel Douglas rounds out the men on 8 points – and that's it for the boys.

With our membership now over the 50 members mark, it would be great to see more of our members having a go at these carnivals. The last carnival for the season will be Mandurah on 28 November. Discuss your short distance goals with one of our coaches and consider giving one of these carnivals a go – either this year or next year.
